

FIRSTSERV

Dedicated Servers

Dedicated Servers

Firstserv offer secure, reliable, custom dedicated servers, hosted in our London datacentres. All our servers are fully configurable to your needs; you choose the processors, RAM, disk space and software. With multiple fibre backbone connections and redundancy throughout the network, we are proud to offer reliable hosting.

If you have any problems our 24 hour global support team are always on hand to assist – just give them a call on our freephone number, or send an email if you prefer.

To order a dedicated server, use our online configuration tool or call to speak to one of our sales advisors.

Benefits of Firstserv Dedicated Servers

Uptime 99.99% uptime guaranteed – or your money back (see SLA for details).	✓
Hardware We use the latest Dell and HP hardware – you choose the server best suited to your needs.	✓
